ROYAL CHARTER

George 2.0. by the Grace of Evan and Wu

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS!

WHEREAS the Expeditionary Force For Operational and Recreational Travel award, commonly called EFFORT or “Group W”, is issued to mark exceptional efforts in the field of exploration on behalf of the Crown;

AND whereas this has caused the EFFORT to be well-regarded and highly sought-after among the citizens of Slabovia;

AND whereas this demand has resulted in questionable claims of achievement that require independent arbitration;

THEREFORE We do now command Our most faithful servant, the Lord Chancellor Rankin MacGillivray, to gather together with Our other admirals to form the Board for Evaluation and Normalization of Claimed Honors, to be known as EFFORT BENCH.

AND We further command that EFFORT BENCH shall meet from time to time to review marginal or questionable claims of achievement with respect to EFFORT, in order to adjudicate said claims, render decisions as to the validity thereof, and communicate their findings to the Crown.

AND We do also state that the findings of EFFORT BENCH shall be indisputable and final once accepted by the Crown.

This Charter shall be in effect as from the date that Our signature is affixed below, for an indeterminant term.
